## **CLINGFILM WRAPPER 500WD**

The 500WD can preserve the natural fresh taste, appearance, and smell of food. Use when wrapping Fruit, Vegetables, and Meats on trays. Wrapping preserves the food longer, extends shelf life and deters pilferage. It also keeps products clean from dirt and impurities, thus enhancing the appearance. This wrapper has an electric heat blade that cuts the wrapping film without fumes. The heated teflon plate assures a perfect and clean finish. The body of the MEC-500WD is made of stainless steel for cleanliness. It can take a roll of wrapping film up to 480mm wide.

Teflon heated plate: 385mm X 125mm  
Heater power: 240 Watt  
Cutting wire power: 80 Watt  
Dimensions: 610mm X 560mm X 157mm  
Weight: 9kg
